Ten Cents

The DIMMER VIEW

by Max Goodwin

What Next for Taiwan?

Chiang Kai-Shek, who died earlier this year, led the Chinese people either on the mainland or on Taiwan. He died at the age of 87.

Chiang gained a popular image as a Don Quixote challenging the windmill of Communist China from his island bastion.

But Chiang's tenacious resolve to free the mainland's teeming millions from the grip of Mao Tse-tung was a dream that wasn't to be realized.

His was a guiding beacon of resistance to communism during an era marked by concession after concession to Moscow, Peking and Hanoi by major Free World powers.

Chiang was the last of the Big Four allied leaders of WWII to defend the principle for which the war was fought and he fought to the end. That principle: that aggression, whether under the banner of nazism or communism, could not be rewarded if the world was to remain safe.

His political testament, dated just a week before his death, continued to urge his people to "recover the China mainland, rehabilitate the national culture and stay in the camp of democracy."

Generally overlooked in the preoccupation with new diplomatic initiatives on the mainland are the admirable accomplishments of Chiang's government on Taiwan.

In two decades, the Nationalist government built the island of 16 million Chinese into a major economic power. Taiwan today is a prosperous country which requires no American foreign aid and, in fact, is one of our country's ten best export customers.

Chiang's death removes perhaps the last great world leader who refused categorically any form of accommodation or compromise with communism. His long struggle with Chinese Communists taught him the futility of coalition governments and cease-fires.

He predicted, with accuracy, that the Vietnam War would never end so long as mainland China was under Red rule. His dream was always that he would return to the mainland. His conviction was that if only his forces could establish themselves ashore, his people would rise in revolt against the communist oppressors.

Chiang never got his chance to prove himself right. The upheavals which wracked the mainland during the Great Cultural Revolution in the late 1960's were allowed to pass without action by Chiang. The U.S. would not support a landing and without such support Chiang feared to move. History seldom presents a second opportunity.

The question now is: what comes next for Taiwan?

President Ford has pledged to visit Peking before the end of the year. The question of formal U.S. recognition of Communist China will undoubtedly arise. Peking will accept nothing less than a formal break in U.S. relations with the Nationalist Chinese on Taiwan as a condition of "normalizing" relations with the U.S.

With Chiang now gone, U.S. acquiescence to this demand will be much easier. Most native Taiwanese would probably prefer that their island become an independent country and many of the Nationalist mainlanders, who have lost hope of a return to their homeland, would be satisfied with that status also.

But not Peking. To the communists, Taiwan is part of China and they will be satisfied with nothing less than their eventual control over it.

Thus, the status of Taiwan will be a problem. We hope that President Ford will resist the temptation to sacrifice our commitments to Taiwan on the altar of "better relations" with Peking.

Taiwan is a prosperous, stable friend. To withdraw our support and protection would be a disastrous mistake.

As Chiang Kai-Shek already knew, and as we will eventually find out, there can be no lasting settlement with any regime, anywhere, dedicated to the revolutionary principles of Marxism-Leninism.

President Ford knows the character of Chiang. He lauded him as "a man of high courage and deep political conviction."

In a world where dogged resistance to the encroachment of communism is becoming rare, Chiang's example should give heart to other statesmen.

Foreign Policy Mystery

What is our foreign policy?

President Ford recently made a speech to Congress and the nation in which he discussed it.

But longtime observers of the Washington scene asked themselves that same question. Their answer was "we don't know!" but the answer was expressed in meatier terms.

This causes wonderment among those of us who want to support the President's American foreign policy.

But the question is: Does President Ford know?

Does Henry Kissinger know?

Does our State Department know?

Does the Congress know?

And wouldn't it be something if it turned out that nobody knows what our American foreign policy is?

Whatever it is supposed to be, the net result has been, over the past few years, a policy of piecemeal surrender to communist imperialism.

Please, someone at Washington, tell us what the American foreign policy is. We need to know to support—or reject—our nation's foreign effort.

Playlets to Portray Real Estate Pitfalls

Legal pitfalls in which real estate salespeople at times fall will be portrayed in a series of short one-act plays at the San Diego Board of Realtors Monthly Meeting, Wednesday, May 14, 11:45 a.m.—2 p.m. at the Scottish Rite Masonic Center in Mission Valley.

Each play will have four actors, all past presidents of the San Diego Board, portraying Seller, Buyer, Listing Broker and Selling Broker. Robbins, Shenan and Price, Louis F. Goebel of Luce, Forward, Hamilton and Scripps; Robert L. Chapman who has his own practice; and Arling, Listing Broker, Robbins, Shenan and Price, worth \$450.

MOTHER'S TREAT — Spry Mrs. Lily White, affectionately known as "granda" at San Diego Convalescent Hospital on Massachusetts ave., her residence for eight years, hugs her great granddaughter Lisa Cardoza after receiving a Mother's Day rose from the child. Mrs. White, boasting seven children, ten grandchildren and eight great grandchildren, is an apt reminder that Sunday is Mother's Day. Rounding out the four generations of the family are on-lookers Lois Edwards (left), daughter, and Linda Cardoza, granddaughter.

One of Seven Will Reign As New Miss Lemon Grove Monday

Seven young Lemon Grove beauties will take the stage at Lemon Grove Junior High school Monday night to compete for the title of Miss Lemon Grove, 1975. Pretty Carol Kie, 1974's winner, will forfeit her crown to the judge's choice at the free public ceremony sponsored by the Lemon Grove Rotary Club.

The latest entry in the contest is Cheryl "Cher" Denise black hair. Active in several organizations at school, she was recently elected A.S.B. president for the 1975-76 school year.

The other six contestants mentioned in previous issues of this newspaper are Kathy Simmons, Yolanda Vargas, Debra Boggan, Toni Pearce, Toni Beckett and Susan O'Neill.

New entries will still be accepted until Saturday, according to contest chairman John Factor. Entry forms are available at the offices of this newspaper, John Factor Volkswagen, Crocker Bank, Mar- ders Stationers and Bank of America.

Festivities begin at 6 p.m. at the junior high cafeteria where a dinner will be served. Dinner is not mandatory for attendance at the pageant which follows at 7:30 in the auditorium.

Entertainment will be provided by the Ben Casey All Stars, a dixie land band spoof made up of M.D.'s, two of which — Dr. Sam Smith and Dr. Myron Fessler — are with the Lemon Grove Medical Group.

Dinner is \$3.50 a plate, collected at the door. There is no charge for admission to the pageant.

'Rap House' Lady Talks Self Into Police Charge

A Lemon Grove house of pleasure and conversation had an unwanted guest last week on Wednesday.

The Dragon Lady's House of Conversation, 3711 Costa Bella, entertained an undercover sheriff's deputy who came to "rap" with Deborah

Lynn Higgins, a 20-year old white female who collected the client's money and engaged him in conversation.

Part of the conversation, allegedly, was the role of the DLHofC in society. "It's like a candy shop" Debbie is reported to have told the client. "Just what kind of candy do you want?"

She is reported to have named off several types of sexual activities ranging in cost from \$20 to \$40. The client got the additional information that "a rap shop is the same as a massage parlor. You'll get what you wanted."

Explaining that he didn't have enough funds to pay for what she had to sell the officer left only to return later in the afternoon to arrest Debbie. She was charged with soliciting for prostitution and will be arraigned in El Cajon Municipal Court.

Teevee, Stereo Taken

A burglar ripped the screen off the bathroom window of the residence of Charles Frederick Frye, 4120 N. Cordoba, Casa de Oro, and took a teevee set, a stereo tape player and a box of tools. The loss: \$600.

Teevee Taken

While Douglas Alan Edwards, 2898 Highlands blvd., Spring Valley, was at work, an intruder took a large screen black and white teevee from his home. He said it was worth \$450.

SDG&E Rap Sessions Set

Have you been carrying a beef you want to register with the local utility?

Better, have you been carrying a question to which you seek a sensible answer?

Residents of Lemon Grove and Spring Valley will separately have the opportunity to achieve either or both purposes when the San Diego Gas and Electric holds its Community Dialogues locally.

In Lemon Grove the dialogue will be Thursday, May 15 at 7:30 p.m. at Golden Avenue school auditorium. The auditorium is on School lane at the rear of the First National bank.

The one in Spring Valley will be on Tuesday, May 20, at 7:30 p.m. at the Spring Valley Elementary school, 3845 Spring drive.

Non-Employee Moderators
In both instances, a non-employee of SDG&E will be moderator with three SDG&E employees, each in a different

phase of power or service, answering questions. According to Walter Zitlau, president of SDG&E, the objective of the dialogues is to provide residents of the utility's service territory an opportunity to address themselves to five basic public policy issues on energy.

The meetings will include a slide presentation and an audience participation phase with a non-employee of SDG&E, who will act as moderator, and three SDG&E employees who will respond to questions and comments from the audience.

Those present will be given a questionnaire which they will be asked to fill out and return to SDG&E.

How much electricity do you want or need? Where will it come from? How will it be financed? What are you willing to pay? What are you, your family and your community willing to sacrifice?

13 Increases
According to Zitlau, SDG&E asked for its first electric rate increase in 13 years in 1971. The firm warned at that time that rates would continue to rise to reflect the growing costs of producing electricity. The predictions were correct and rates have gone up 13 times since then.

On April 16 of this year, SDG&E filed for a rate increase of \$119.4 million, the largest increase ever requested by the company. The increase is required for maintaining a high standard of electric service today and the future.

SDG&E is presenting the problem to the community in a series of Community Dialogues on Energy. The objective of the dialogues is to offer the community an opportunity to address itself to the basic energy issue and to voice opinions on the standards of service it wants maintained.

Interested residents of the two communities are urged to attend either or both dialogues.

Two M.V. Gridders Win N.F.F. Awards

Two Spring Valley youths were among 16 outstanding athlete-scholars feted Monday night at the National Football Foundation and Hall of Fame banquet at the Admiral Kidd Club in San Diego.

Steve Perdue, Monte Vista's All-Grossmont League quarterback for two years running was credited for leading his school to its first winning season and first C.I.F. playoff berth in history. He carried a 3.1 grade point average.

He is the son of Mr. and Mrs. Jerry Perdue of 3033 Conant ct., Spring Valley.

Dean Wilson, an All-Grossmont League tackle both on offense and defense, was named one of the top scholar linemen in the county.

Team Captain
He was team captain at Monte Vista and made the scholastic honor roll every semester. Despite his 6-3, 210 pounds, he registers 4.8 in the 40.

Dean Wilson

He is the son of Mr. and Mrs. Joseph Wilson of Jamul.

The banquet was attended by more than 150 persons. Al Coupee, noted sports-caster, was master of ceremonies.

Spring Valley, parked with the car's headlights on.

The officer, checking for prowlers was greeted by the odor of marijuana, he reported, when he questioned the pair.

Investigation produced 14.2 grams of marijuana, two pipes and a bag of marijuana debris.

They will be arraigned in El Cajon Municipal Court.

Loss is \$488
A bike, teevee set, a cassette, tape player and radio, all valued at \$488 were stolen from the residence of Thomas E. Marshall at 3675 King st., Lemon Grove on Saturday, he told sheriff's deputies.

A pry tool was used to enter the house of Helen Louise Walters, 114 Lakeview, Spring Valley, while she was away Friday.

The burglar found \$200 in cash she had stashed away in various places over the past five years, she said.

Demos to Host Sam Harris
The Friends of Fred Harris of San Diego today announced that former United States Senator Fred Harris will be in San Diego for a brief visit May 11-12, 1975.

A reception will be held at the home of Sandy Abrahms, 4095 Jackdaw from 8 to 11 p.m. Sunday May 11.

A coffee will be held at the Coronado Library, 640 Orange ave., Coronado at 9 a.m. Monday.

The coffee will be hosted by the Coronado Democratic Club.

This will be Senator Harris' second visit to San Diego since he announced his candidacy for president.

'Double Take' Brings Charge
A suspect doubled his plea- sure when he presented a receipt to a yard employee at RCP Co., a building materials firm at 8246 Broadway in Lemon Grove.

The yard clerk loaded his vehicle with \$94 worth of brick and stone.

Later, Allen Henry Perry, the mnager, realized that the receipt had made its way through the yard twice but the yard clerk failed to have the suspect sign it the first time. He apparently failed to note that the firm had the duplicate of the order with his name and address on it.

poses when the San Diego Gas and Electric holds its Community Dialogues locally.

In Lemon Grove the dialogue will be Thursday, May 15 at 7:30 p.m. at Golden Avenue school auditorium. The auditorium is on School lane at the rear of the First National bank.

The one in Spring Valley will be on Tuesday, May 20, at 7:30 p.m. at the Spring Valley Elementary school, 3845 Spring drive.

Non-Employee Moderators
In both instances, a non-employee of SDG&E will be moderator with three SDG&E employees, each in a different

phase of power or service, answering questions. According to Walter Zitlau, president of SDG&E, the objective of the dialogues is to provide residents of the utility's service territory an opportunity to address themselves to five basic public policy issues on energy.

The meetings will include a slide presentation and an audience participation phase with a non-employee of SDG&E, who will act as moder-

ator, and three SDG&E employees who will respond to questions and comments from the audience.

Those present will be given a questionnaire which they will be asked to fill out and return to SDG&E.

How much electricity do you want or need? Where will it come from? How will it be financed? What are you willing to pay? What are you, your family and your com-

munity willing to sacrifice? **13 Increases**
According to Zitlau, SDG&E asked for its first electric

rate increase in 13 years in 1971. The firm warned at that time that rates would continue to rise to reflect the growing costs of producing electricity. The predictions were correct and rates have gone up 13 times since then.

On April 16 of this year, SDG&E filed for a rate increase of \$119.4 million, the largest increase ever requested by the company. The increase is required for maintaining a high standard of electric service today and the future.

SDG&E is presenting the problem to the community in a series of Community Dia-

logues on Energy. The objective of the dialogues is to offer the community an opportunity to address itself to the basic energy issue and to voice opinions on the stand-

ards of service it wants maintained. Interested residents of the two communities are urged to attend either or both dia-

logues.

Retiring Chief Frank Berger

23 Years With District

Spring Valley Fire Chief

Berger Plans Retirement

Frank Berger, chief of the Spring Valley Fire District, in 1961 left him with a shattered jaw and arm, and six broken ribs. Ten years later on a camping trip in Oregon, Ber-

ger's car, camper and trailer were struck by another motorist as he was negotiating a turn off Highway 101 onto a roadside rest area. That accident left him with multiple injuries and recurring pain.

Health is the main reason for his early retirement at 52.

Berger will be honored at a retirement dinner May 23 at the El Cajon Elk's Lodge. The prime rib dinner and program is sponsored by the Spring Valley Fire District. Reservations at \$7.50 a plate are handled by Asst. Chief Stager.

His replacement in June will be the current Assistant chief Daryl Stager.

The retiring chief has experienced several trying times in his career with the District. One of the most vivid in his memory is the four-day forest blaze which destroyed 176,000 acres on a stretch of land spanning from the Laguna Mountains to Bonita Sunnyside. Ber-

ger was supervisor of structural fires in that four-day brush fire. 72 trucks were called to battle the 1970 blaze.

Ironically, his most catastrophic experiences have not been in the line of duty. Ber-

ger has been involved in two serious traffic accidents which, he said, have taken their toll on his health.

One suspect was about 23 and 5'-6", about 140 pounds; the others' description was only that he had an Afro hair do.

It wasn't exactly a Briggs holdup. But it was successful for the kind of job it was.

Two black males drove up to Johnny Price's Fro-Zin Ice Cream truck at 4:30 p.m. Sunday as he plied his trade in the 1400 block of the San Altos area.

One man had his hand in his pocket and demanded money. Johnny gave him his all — \$50 including his coin changer.

Robbers Stick-up Ice Cream Truck

Rothhaar Family Adoptee is Special Child

By John Kowalczyk

Uncomfortable about the prospect of having to choose one of several "prospects," the couple nonetheless caught the pastor at the United Methodist Church of Lemon Grove. The end of a search for an adopted son came rather suddenly for the family.

Thomas and Misty Rothhaar were one of thousands of parents in the country on standby to receive an overseas orphan. At midnight, April 6, they were a little bewildered to learn that there were several good prospects waiting for parents at the Presidio army base in San Francisco. The children were the first safe arrivals in the U.S. emergency "Operation Babylift" from Saigon.

Roses Mark Mother's Day In El Cajon

Mother's Day is Sunday and Christ Church Unity of El Cajon is celebrating with a beautiful red carnation for each person attending the special Mother's Day services.

"We feel the red signifies for everyone the vital, ever-living presence of our mothers' love in our lives," said Rev. Arthur Hammons, pastor of the church. Rev. Hammons' sermon for the day will be "How You Chose Your Mother."

The church is located at 311 Highland ave., in El Cajon. Worship services and Sunday school are at 9:30 and 11 a.m.

AREA BIRTHS

The following is a list of births recently recorded at Grossmont Hospital:

April 22

Mr. and Mrs. Larry D. Dahlke, Spring Valley, a girl, Kara Lynne.

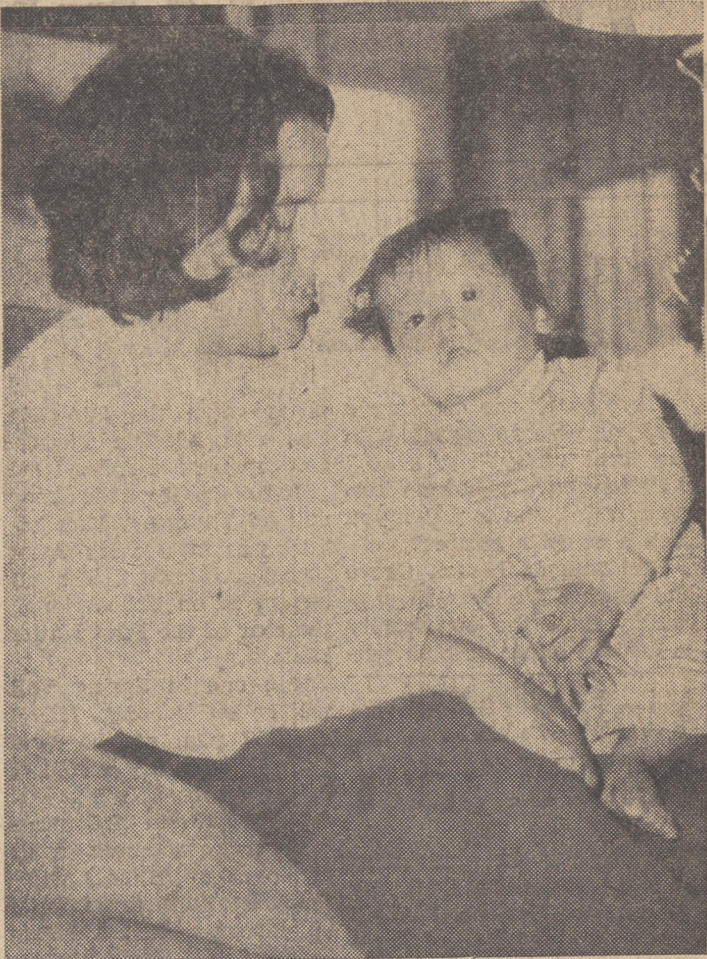

April 28

Mr. and Mrs. Edward D. Peralto, Lemon Grove, twins, boy and girl, Joseph Alfred and Jessica Eufamia.

Mr. and Mrs. Robert E. Gonzales, Lemon Grove, a boy, Joseph Anthony.

The move, the crash and the new home and country had left Mark confused and terrified, but he is warming up to his new parents and siblings. His oldest sister is Kirsten, 7, the Rothhaar's first natural born child. She was followed by Elisa, a black and Chicano-Indian child, adopted one month after her birth in 1970.

Mark's brother is Eric, the Rothhaar's second natural child. His was a premature birth which caused several serious health problems in-

NAP ENDS suddenly for Mark Rothhaar as Misty wakes him to meet a photographer. Mark, newly adopted into the Rothhaar family, was one of the lucky survivors of the C-5A transport jet crash last month in Saigon.

cluding respiratory distress syndrome which triggered a cerebral hemorrhage, jaundice, hepatitis and other complications requiring surgery and a two month stay in the hospital after birth. Eric is doing fine today.

Hints of Mark's past have surfaced in his early days with the family. He became hysterical when placed in a crib his first night home. The parents, opting to cross one bridge at a time, let him curl up on the floor, with which he was perfectly satisfied. At least one household.

Grove Baptists Hope for High 'Adult Day' Turnout

Sunday has been designated Adult Day for adults age 24 and up, at Lemon Grove's First Baptist Church. The church staff and adult Bible study teachers are making a special effort to have every adult on the Sunday School class rolls in attendance at 9:30 a.m. Church members have been giving special invitations to their friends and neighbors for an attendance goal of 1,000 or more.

Bible teachers lead seven Bible study classes each Sunday at the church. Four classes for married couples of varying age ranges are taught as are classes for unmarrieds, and adult women.

The church also has a Spanish Bible Study Sunday school and worship service.

The Ron Patty family will bring special music to the 9:30 Adult Day for adults age 24 and up, at Lemon Grove's First Baptist Church. The message delivered by Pastor Kleinschmidt.

Mother's Day will also be observed at the Sunday services.

Lemon Grove First Baptist is at 2910 Main st.

Revival Planned at Christian Church

The Christian Church of 6970 San Miguel Ave., Lemon Grove, is holding a revival Sunday through Wednesday. Sunday's session is from 6 to 7:30 p.m. The week night sessions begin at 7 p.m.

Ben Merold, minister of the Eastside Christian Church in Fullerton is guest speaker.

Nursery care is provided.

Bilingual Aid To Be Given to Food Stamp Users

A bilingual information campaign to explain the basic requirements of food stamp eligibility to unemployed and low income workers, starts this week, Mario Obledo, secretary, Calif. Health and Welfare Agency said.

The Employment Development Department (EDD) and the Department of Benefit Payments (DBP) will cooperate in the food stamp campaign, he said.

"Inflation and rising unemployment are causing severe economic problems for many individuals and their families," Obledo said. "We must make sure that they are properly informed about all government services to which they are entitled."

James Lorenz, EDD Director, added that "EDD will be able to reach many of those who are in the greatest need of help in buying food. Since December, most food stamp users have come from the work force — those earning low salaries and recently unemployed."

A new brochure entitled "Food Stamps Can Help" is being widely distributed to help answer increasing questions about food stamp benefits.

Affects 800,000

The joint campaign, aimed at reducing confusion over eligibility requirements and increasing cost efficiency in the food stamp program, is expected to reach about 800,000 people.

"Feeding a family on reduced income is one of the biggest problems resulting from the current economic situation," Obledo said. "When you consider that between 1970 and 1974 hamburger prices increased 60 percent while porterhouse steak went up only 38 percent, you can see who is being hit most by inflation."

During the next 90 days, information notices will be given to every unemployment and disability insurance claimant and to each job seeker in EDD offices. Posters will list addresses and telephone numbers of all local county welfare offices which issue food stamp certificates. DBP's effort will include sending brochures to county welfare departments and private organizations for distribution.

All information will be printed in both English and Spanish with additional translations as they are needed in local areas. Notices will provide clear, simple information about eligibility so that potential applicants who are not eligible will not apply and those who are eligible will take necessary documents with them to their local welfare office.

A stamp office is at 2509 Imperial ave., San Diego, phone 236-4400.

Most Vets Are Here

California maintained its position in 1974 as the state with the largest veteran population. The December issue of "Veterans Population" indicates there were 3.22 million veterans in the state as the year ended.

L.M. School Hosts Choir Competition

Eight choirs, with outstanding records, have been selected from a list of twenty exceptional choirs throughout the country to participate in the 1975 La Mesa Western States

Rev. Welch Speaks At United Methodist

As part of the church's Sunday night worship service held the second Sunday of each month, United Methodist Church of Lemon Grove presents the Rev. Rueben Welch, chaplain at Point Loma College and author of the book, "We Really Do Need Each Other." The program starts at 7 p.m. Sunday in the church sanctuary.

Cedar Drama Class Stages Comedy

The drama class at Cedar Community Center will present a comedy, "Where Banking is a Pleasure" on Thursday, May 22 at 1:30 p.m. in the Dining Room at 320 Date st.

Co-featured on the program will be the Center's choral group which will present a program of songs and piano solos. The public is invited to the performance. Refreshments will follow the program.

First Dairy Princess Candidate Signs Up

The first entry has been received for the District 13 dairy princess contest, which includes girls from the San Diego and Imperial counties. Local officials stated that the contest will be held the week of May 26.

First to enter is Teresa Buckel, 17, daughter of Mr. and Mrs. Don L. Buckel, of Lakeside.

Twelve contestants will be accepted in the district contest. The winner represents local dairymen at the 18th annual California Dairy Princess contest in Fresno, June 17-20.

To enter, a girl must be between 17 and 25 years of age, unmarried, at least a high school graduate by this June, and have either a dairy farm, dairy industry, or related dairy industry background. Brochures and entry forms may be obtained from the Milk Advisory Board offices, P.O. Box 4680, Modesto, Ca. 95352.

Choral Music Tournament, Saturday, May 17, at Grossmont High School Auditorium. In the day's events, choirs will be competing in four areas of music: church music, 20th century composers, Broadway shows, and American folk music or spirituals. The competition, 9 a.m.-2:30 p.m., is open to the public.

Four outstanding adjudicators will select the top three honored choirs who will be presented in the grand evening concert at 8 p.m. at the high school. In addition, the three top choirs selected will receive trophies and cash awards. All choirs will receive participation plaques and a cash honorarium.

Along with the choirs presented in the evening concert, the Grossmont Union High School District Orchestra will perform Suite for String Orchestra based on the folk tune of Wide Missouri, Symphony in D minor by Cesar Franck, and the concert version of the orchestra score for the Broadway show and movie "West Side Story".

Carl Thompson, string specialist for the District, will prepare the orchestra that will combine with the three selected choirs and four choirs of the Grossmont Union High School District in the finale performance of Mozart's Regina Coeli.

The local choirs are from Helix, Grossmont, Monte Vista and Valhalla High Schools.

Admission for the evening concert is \$1 for adults, and \$5 for students. Tickets are available at the La Mesa Chamber of Commerce, 8155 University ave.

Homemaker, Visiting Nurses Plan Merger

Directors of two United Way-affiliated agencies announced plans to merge and form one larger organization—the first time in over 15 years two established agencies have made such a move in the history of United Way of San Diego County.

The announcement came at the annual meeting of Homemaker Service of San Diego, Inc. Homemaker trustee Robert Casey said his board and the Visiting Nurse Assn. of San Diego County, Inc. have completed the first phase of the proposed merger.

Licensed To Wed

The following couples were issued marriage licenses recently:

Raul Acevedo, 22, El Cajon and Debra McIntyre, 19, Spring Valley;

Irwin Brock, 24, and Madonna Clabaugh, 20, both Lemon Grove;

Gary Clemons, 21, National City and Deborah Tucker, 19, Spring Valley;

Roger Crane, 26, Spring Valley and Donna Jarrard, 24, San Diego.

John Dyitt, Jr., 23, and Dieder McRae, 28, both Lemon Grove;

Willard Frost, 25, and Debra Berry, 18, both Spring Valley;

Ricky Hale, 21, Lemon Grove and Donna Allen, 20, San Diego;

Douglas Harley II, 37, Spring Valley and Erlene Neal, 39, Bonita;

Jerry Heath, 21, and Jeanne Sherrill, 19, both Lemon Grove;

John Lange, 20, and Marjorie Seile, 15, both Lemon Grove;

Joseph McCarthy, 61, Lakeside and Montelle Schiefer, 51, Spring Valley;

Ronald Rinkel, 25, and Patricia Watson, 23, both Spring Valley.

Area Obituaries

Robert Hallman

Services were held last week for Robert Hallman, 56, of Circle dr., Lemon Grove, who died after heart surgery, April 23 at Sharp Hospital.

Hallman, a county resident since 1947, was the son of a traveling preacher from Pennsylvania. He was office manager at Jim's U-Rent store in Lemon Grove before becoming hospitalized.

He was a member of the Lemon Grove Masonic Lodge.

Survivors include his widow, Kathleen, of San Diego; two sons, Robert Jr. and Scott, both of Lemon Grove; three stepsons, Greg, Jon and Mark Rake; and a sister, Mary Eiseemann of San Diego.

COURTESY

Signs in British department stores are more courteous than the "No Smoking" posters in the U.S. They read: "Please try not to smoke."

CLUB WOMAN'S CALENDAR

Camera Club to Hold Color Slide Contest

The La Mesa Camera Club holds its third color slide competition in the pictorial and nature categories May 20.

Participants enter four slides in each category. A judge skilled in photography will evaluate the merits of the slides, choose the best of each maker's four and then choose the best shots of the evening in each category.

Competition is held to help members improve the quality of their slides. The club meets at Porter Hall, 4910 Memorial dr. in La Mesa.

Xi Beta Officers Installed Tuesday

The annual Installation Ceremony of the Xi Beta Phi chapter of Beta Sigma Phi is held Tuesday at the home of Mrs. Brian Evers, 1923 Cedar st., Ramona, 8 p.m.

New chapter officers are: Caroline Helder, president; Bobbie Jarvis, vice president; Dorothy Hatfield, recording secretary; Evelyn Cioffe, corresponding secretary; Marilyn Krafft, treasurer; Rita Horn, parliamentarian; Mary Ann Pastore, liaison; Pat Ferbe, city council delegate; Rita Horn, alternate and Peg Batters, civil awareness.

A cultural program on sports will be presented by Pat Ferbe. Refreshments will be provided by Dorothy Hatfield.

Daubers to Celebrate Fourth Birthday

A demonstration of animal portrait oil painting and a potluck dinner will mark the fourth birthday of the Dilly Daubers Art Guild. The public is invited to the Friday, May 16 celebration at the Foot-hills Adult Education facility, Melody ln., in El Cajon, 6 p.m.

Visitors should bring their own table service and a dish that serves four.

The demonstrator is Marilyn Grane, a member of the Foot-hills Art Association and the Association of Honolulu artists.

Mother's Day Tea at L.G. Woman's Club

The Lemon Grove Junior Women's Club will honor their "Mother Club" the Lemon Grove Women's Club, with a special Mother's Day Tea, Friday 1:30-3:30 at the clubhouse, 2810 Main st., Lemon Grove.

"Let's Reach for the Pot of Gold" will be the theme for the event where two mystery awards will be presented. A local pianist, Lanny Bergendoff, will provide the entertainment.

Job Interview Seminar Offers Instant Replay

East County residents will have an opportunity to improve their job hunting skills through the use of video-tape at a seminar to be held at the El Cajon Adult Career Guidance Center.

The seminar for job hunters is scheduled for Monday through Friday, May 19-23, from 1 to 5 p.m. Participants will simulate job interviews in front of a video-tape camera. They will then see and critique themselves on the video-tape replay.

The seminar will cover other topics related to job hunting including how to develop a resume, how to determine what employers need, how to complete an employment application in a manner that will make the best possible impression, and how to prepare for an employment interview.

The seminar is free to anyone interested in improving job hunting skills. Sponsored by the Adult Career Guidance Center through the Regional Occupational Program, the seminar is taught by Frank Nugent, an instructor with the San Diego Community College's Skill Center.

The Adult Career Guidance Center is located across from Sears at 450 Fletcher Parkway, in El Cajon.

Valley Women Set Mother's Day Theme

The Spring Valley Women's Club meets Wednesday, at 1 p.m. at 9062 Memory lane, Spring Valley. The club will present scholarship awards to students from Monte Vista and Mt. Miguel High Schools. Mrs. Rosary Graham will present the awards.

A program centered on a Mother's Day theme is planned.

Lemon Grove Juniors Take Sweepstakes

A Sweepstakes award in International Affairs was won by the Lemon Grove Junior Woman's Club during the 19th Annual Convention, San Diego District, California Federation of Women's Clubs meeting at Vacation Village April 25-26.

The award was made in recognition of their outstanding work and contributions to such causes as the "Walk for Mankind", Project Concern's Hospital Materno Infantil, the T.B. Hospital in Norway, La Macdon Orphanage, and Care; along with the joint adoption of the Alessio School No. 1 in Tijuana by Golden Avenue Elementary School and the Juniors.

Because of other community participation projects such as the Lemon Grove Nutrition Center and the Christmas tree ornament contest the juniors took two second place awards in Americanism and Fine arts.

Fleet Aux. 139

Ladies Auxiliary Fleet Reserve Association Unit 139 hosts a bingo party for patients at the V.A. hospital Wednesday. The following day, the unit holds a pancake supper at 8118 University ave., 7 p.m. The supper replaces the usual pot-luck dinner.

May activities are rounded out with the unit's birthday luncheon, Thursday, May 29 at the Ponderosa Cafe in Grossmont Center at noon. Reservations for the luncheon must be made by the 22nd to Vickie Sturgis, chairman.

Pi Epsilon Betas Meet

Pi Upsilon chapter of Beta Sigma Phi sorority will hold a meeting at 8 p.m. Tuesday, at the home of Mrs. Larry Shaw, 8865 Mulvaney dr., San Diego. Installation of officers for the coming year will be held following the business meeting. A cultural program entitled "People" will be presented by Mrs. Terry Reilly and Mrs. Robert Book.

Mass Installation Planned

Mission Valley Post and Auxiliary No. 3787 on Twain ave., San Diego, will participate in the First-District Veterans of Foreign Wars Mass Installation Saturday in the International Room of El Cortez Hotel at 7:30.

Commander-elect Paul Wade of Mission Valley Post and Mrs. Marshall Smith, President-Elect of the Auxiliary will lead the procession of officers according to Mrs. B. C. Taylor, Spring Valley, president of the auxiliary.

Nurses' Meeting At Singing Hills

The California School Nurses Organization, a San Diego-Imperial section, is holding its annual Spring Meeting on Saturday at the Singing Hills Country Club in the Fiesta Room. Registration and coffee is at 8:30 a.m. Business meeting is at 9.

At 10:30 a brunch will be served.

Dr. Gary Manchester will discuss Reconstructive (or plastic) Surgery at 11:30.

The Science Awards and Retirement Recognition will conclude the meeting.

NAA Elects President

Paul D. Robinson was recently elected president of the San Diego East County Chapter of the National Association of Accountants. Robinson, a 1972 graduate of San Diego State University, is currently employed by Operations International Inc., a communications systems construction company headquartered in El Cajon.

The chapter holds monthly technical sessions as well as educational projects and seminars on current business subjects.

CHEAP ORCHIDS

Orchids are so plentiful in Costa Rica they are sold on street corners for a few cents a bunch.

Southland Music Brings Woman Organist to Grove

Mildred Alexander, nationally-known organist and teacher will make a special appearance at Southland Music Center, 3459 Imperial ave., Lemon Grove on Saturday, May 24 at 8 p.m.

Her career has been a series of outstanding achievements. She is the only woman to have played the large Wurlitzer Pipe Organ at Radio City Music Hall in New York City as a regular performer.

She has played for radio and television and has written many organ arrangements and instruction books on organ playing. She is currently a teaching consultant and international organist for a leading organ company and has founded numerous teaching studios in this country and in Canada.

Alexander will also conduct her "I.T." workshop at the Music Center on Sunday, May 25th beginning at 10 a.m. On the following Tuesday, she will conduct three workshops for students and teachers—beginning, intermediate and advanced classes. Class fee is \$5.

Tickets for the concert, "I.T." course, and the organ classes are available by mail, phone (463-0308) or at the store. Seating for all events is limited.

The trips to Yellowstone Park, Rocky Mountain Park and the first Russian River canoe trip are for junior high students. The backpack trip to Washington, the Mt. Rushmore caravan, and the second Russian River trip are for senior high and college students. The Yosemite caravan is an introduction to YCaravans for graduating 6th graders.

To enroll for a caravan, contact Bill Cobb, Program Associate at the Copley Family YMCA, at 283-2251.

Grossmont College will offer a special summer session course on Shakespeare to coincide with the San Diego National Shakespeare Festival. The 3-unit English course with Homer Lusk serving as instructor, will meet from 6:30 to 9:50 on Tuesday and Thursday evenings from June 17 through August 5 in Room 553. Lusk will discuss the plays that the Shakespeare Festival is producing at Balboa Park's Old Globe Theatre to celebrate its 26th anniversary. The plays will be "Much Ado About Nothing," "Measure for Measure" and "The Tempest."

The course will feature a unique series of films in which Dr. Frank Baxter discusses the life, times and world of William Shakespeare, as well as the three plays that will be produced during the Shakespeare Festival.

Deadline for applying for this course on Shakespeare (English 299.81) is Friday, May 30. Additional information on this course and other Summer Session 1975 courses may be obtained by contacting the campus Admissions Office.

Fort Wadsworth, on Staten Island, is the oldest continually manned military installation in the U.S. It is at the site where the British defeated Dutch settlers.

A limited number of passengers will be taken on a low altitude air tour over San Diego County Sunday, Mother's Day, by PSA for the Multiple Sclerosis Society.

Reservations may be made at the MS office, 297-4363 between 9 a.m. and 5 p.m. The tour starts at 1:30 p.m. at Lindbergh Field with all proceeds going to the MS fund. Tickets are \$5 per person, adults or children.

Ballet Signed for Seven-State Tour

Columbia Artists has signed "Pappa Was A Rolling Stone." The two programs have been designed to show the company's versatility. "Napoli, Act III" by August Bournonville is a classic ballet developed in the mid 1800's. "Pappa Was A Rolling Stone" is a jazz piece, while "Sandsong" is considered to be a modern ballet.

The San Diego Ballet is building to do a three part season in San Diego and tour the rest of the year," Carroll said. Present plans call for two distinct programs offered during the tour. The troupe of 15 dancers will perform "La Bayadere," "Sandsong" and "Ouvertures 'Classiques'" in the first program. The second program will be "Napoli, Act III," Thor Sutowski's new "Harp Concerto" and

Local residents will be able to see the new "Harp Concerto" described as a delicate new work by Sutowski on May 17 and 18. The new ballet will be introduced in a repertoire program with Russian born ballerina Natalia Makarova dancing in "La Sylphide" and the company's "Ouvertures Classiques."

The safety of aerosol sprays is being questioned by many consumers. It is agreed that blatant misuse of aerosols is unsafe — even deadly — but the possible toxicity of aerosols used in normal daily routines remains undetermined, according to the State Consumer Affairs Dept.

Many chemicals considered safe in nonaerosol form have not been extensively tested in aerosol form, and questions have arisen. It is not known whether the new combination of the chemical with a propellant, or an individual's susceptibility to high concentrations

Y Summer Caravans Scour Western U.S.

The Copley Family YMCA has announced its Summer Caravan Schedule.

Seven camping trips are planned, including two canoe trips down the Russian River (July 20-26 and Aug. 3-10), and one each to Yosemite National Park (July 27-Aug. 1), Yellowstone and Grand Teton National Parks (July 1-14), Rocky Mountain National Park in Colorado (Aug. 17-28), South Dakota's Mount Rushmore National Monument (Aug. 17-30), and a backpacking trip to the San Juan Islands, between Washington and Canada (June 20-29).

This Week's RECIPE

Mole Poblano is Tribute to Cinco de Mayo

Mole Poblano is one of the most popular and famous of the Mexican moles, served in observance of Cinco de Mayo, May 5, the day in 1862 when outnumbered and poorly equipped Mexican forces defeated invading French troops in Puebla. The dish is distinguished by the inclusion of chocolate in the thick sauce. In traditional preparation methods the chicken or turkey is cooked separately. And the sauce is added during the last few minutes of preparation.

In this Modern adaptation the chicken is cooked in the sauce, a method more in keeping with the cooking habits and tastes of American homemakers.

MOLE POBLANO (6 to 8 servings)	1 can (10 oz.) enchilada sauce 2 cups chicken broth
3-3 1/2 pound fryer chicken, cut up, or 6-8 cut-up chicken parts (2 breasts, halved, and 4 leg-thighs) oil for frying 2 cloves garlic 1 medium onion, sliced 1 (frozen or refrigerated) corn tortilla cut into strips, toasted. 1/4 cup seedless raisins 1/4 cup blanched almonds 1 Tbsp. toasted sesame seed 1 sprig parsley 1/2 pound fresh tomatoes, peeled, seeded 3 Tbsp. mild chili powder 1/4 tsp. each: cumin, ground cloves, ground cinnamon, ground coriander, anise seed, sugar 3/4 tsp. salt 1 square (1 oz.) unsweetened chocolate, melted 2 Tbsp. olive oil	Brown chicken on all sides in hot oil; set aside. In blender container, blend next eight ingredients to a smooth paste. Add chili powder, seasonings and chocolate. Heat olive oil in large skillet; add sauce. Lower heat and fry five minutes, stirring constantly to prevent burning. Stir in enchilada sauce and broth. Arrange chicken in sauce; cover and simmer for 30 minutes or until chicken is fork tender. Serve with tortillas which have been softened on a hot griddle and liberally buttered and salted.

Scout Leaders Meet

Almost 1,000 adult scout leaders will gather at the Del Coronado Hotel from May 21 through 23 for the annual meeting of the Western Region of the Boy Scouts of America.

The Western Region includes 72 scout councils in California and eight other western states.

Business firms donated prizes which were given for Most Money Pledged; First In, and Best Sign, according to Mrs. J. W. Roach, chairman.

Proceeds will go to the group's scholarship fund.

Divorces grow
The National Center for Health Statistics, said an estimated 970,000 divorces occurred last year, an increase from 845,000 in 1972.

BAND LEADER Dean Immel points out one of the trophies captured at the Northern California Band Review two weeks ago. Other trophies shown are review prizes won during the current school year.

Mt. Miguel Band Sweeps NCBR Trophies, Wins Maytime Class

The Marching Matadors had to play second fiddle to West High School at Saturday's Maytime Band Review in National City. West High won sweepstakes honors in the 61-band competition. The Matadors' capture of first place in their class A-1 was a quiet follow up to the band's performance at the Northern California Band Review in Fairfield April 26.

Two Miguel Students Chosen for Summer Study of Politics

Two Mt. Miguel High School students have been chosen by the faculty as delegates to Boys' and Girls' State this summer at Sacramento State University.

This year's delegates are Sandy Marmolejo, Mt. Miguel's commissioner of cultural affairs, and Tom Mount, a Matador wrestler.

The two students were chosen by the school's faculty on the basis of community service, school service, leadership and grade point average.

Boys' and Girls' State, which are separately run, teach high school students about the American political system. Each delegate is assigned a political party and a city area. Cities and counties are then combined to make up the State delegation.

Mt. Miguel A.S.B. Officers Named

Three Mt. Miguel High School students were recently elected to the top A.S.B. posts for the 1975-76 school year. Officers announced at a school dance held April 18 are Cher Wright, president; Mary Maca, vice president and Sue O'Neill, secretary. Sue is a candidate for this year's Miss Lemon Grove contest.

Other officers include Bruce Voel, attorney general; Eddie Listander, commissioner of publicity; Mary Collins, commissioner of social affairs; Sandy Marmolejo, commissioner of human relations; Dwayne Prince, commissioner of cultural affairs; Melissa Monce, commissioner of athletics; Antonio Alcala, commissioner of elections; Gara White, commissioner of alumni and Marci Wilson, commissioner of communications.

TAKE FIVE

By John E. Wirges

Move over, guys, make room for another winner. Look out, world, there's a new name coming. A champion. A gutsy guy. A marvel to behold.

And he belongs up there with the greats of all time. Masters of their trade like Byron Nelson, Dizzy Dean, Knute Rockne and/or Muhammad Ali (who used to be Cassius Clay).

No matter how you cut it, that's a class crowd, but don't stop there. This new guy fits right in with the likes of George Halas, Ted Williams and that thundering tempest, Terrible Tommy Bolt.

All originals. Each giving something new and exciting to the world of fun and games, adding quality and depth to play.

So hold a place for a new guy in that magic circle, reserved for Super Greats somewhere in the great sporting fields in the sky. Tag it for Dr. Hans Dieter Bastian. Do it right. Set out a gold plate and matching goblet near the head of the table, please. Then give pause and rise when he enters, showing the respect he deserves for his great skill, wisdom, courage, knowledge and consummation.

And would you believe it, the good Dr. Bastian ain't even a jock.

But no matter. Jocks everywhere owe him and they'll recognize the debt shortly, just as soon as the word gets around. And the word is beer.

Dr. Bastian is a urologist. He's well known in his trade and in and around his practice area at Bonn, Germany. It was at Bonn recently that he made his great contribution to the world of athletic notability. And he did it at a symposium of German Scientists.

"Athletes should drink beer," is the word from this wonderful man. And not just a sip, either. He says jocks should drink a lot of the stuff.

Now he doesn't hold with beer drinking the way some coaches do. You know the type. His team is down by a half ton at the half and he pleads for one last win so his dieing mother can go to her reward happy in the knowledge that her coaching son is a winner. When that doesn't draw a tear he hauls out the old carrot.

"You guys win this one for my old Mom, and I'll throw a case of beer on the school bus for the ride home," bargains the coach.

One case for a high school, at least four for a college team and the pros demand harder stuff.

But nowhere did anyone ever say the suds were good for a jock. No one till Dr. Bastian came along. He lit the light, and may it blaze forever.

"Beer should be consumed after play," said this wonderful man. "Athletes should drink more beer, especially after strenuous games, like basketball, football, and running."

Sorry guys, but chess is out. But not, apparently back seat wrestling.

Just as long as it's strenuous games, chaps. Tennis, golf, swimming, softball, chasing girls, long and short haul jogging, box-fighting, or any of the sweaty efforts that come with filling out income tax forms, five-horse parlay and/or "creative" expense accounts.

Dr. Bastian, who certainly should receive a unanimous elevation to the Beer Drinkers Hall of Fame, says the bod needs beer to carry on.

"Beer is high in carbohydrates and vitamin B," says the good Doctor. "The sugar deficiency, which occurs after strenuous athletics, is compensated for by the malt contained in the beer."

What a wonderful thing to share with the world. Think of all the ways information like that will serve mankind. In work and play, and every way.

A mild case in point: For the Defense; "Sorry, your Honor. But after a hard day of strenuous work, my doctor tells me to knock off a quart or two of suds before I drive in strenuous traffic." It's beautiful.

A rightful wonderment. Soo, move over John Wooden, Joe Louis, Jack Nicklaus, Mickey Mantle, Adolph Rupp, Arnold Palmer, Hank Aaron and the rest of you guys...

Make a hole for a guy that is fitin' company for your crowd.

Good, Tight Baseball In L.G. Little League

With the exception of a 16-1 game and one 14-5, good, tight baseball dominated Lemon Grove Little League major league play.

Results:

Cubs, Pirates to Test Padres Staying Power

The first meetings of the infant season with members of the National League's Eastern Division will be on tap for the San Diego Padres as they finish out their second road trip of the year.

The Padres, who had kicked off the trip with three meetings against both Los Angeles and Cincinnati of the Western Division, have five games scheduled with the Chicago Cubs and the Pittsburgh Pirates.

San Diego will open against the Cubs in the Windy City tomorrow and play single affairs May 9-11. Following a day off on Monday, May 12, the club will round out the journey with a pair of single contests with the Pirates on May 13-14. The next action at home for the Padres will be on Friday, May 16 against the Cubs in a return engagement between the two clubs.

In Chicago and Pittsburgh, the Padres will be meeting two of the best the Eastern Division has to offer. The Cubs have been one of the real surprise teams in the majors through the first month of the season while the Bucs were picked by many to repeat as champions in the East.

"I guess you'd have to say that the Cubs are the hottest team in baseball at the moment," related Padre manager John McNamara. "They got off to a tremendous start by winning 13 of their first 18 and building up one of the largest leads in any of the four divisions."

"Everything fell right for the Cubs in the first month," explained the Padre skipper. "They got excellent pitching from their young staff and were hitting extremely well. In fact, their team average after April was close to .290 and they had a couple of individuals in the top five or six in the league in hitting."

While the Cubs are somewhat of a "new" team, the Pirates are an established bunch with plenty of big, free-swinging bats in the lineup.

"That's the one thing about the Pirates that scares you," mused McNamara. "They've got so many power hitters on that club that any of them can beat you with just one swing. They weren't hitting

SV. Little League High Scores, Ties

Spring Valley Little League produced a 22-8 game and a 20-9 route, but all the rest were reasonably close.

A 6-6 tie was called when it got dark. So was a 13-13 tie. Last week results:

SV Auto Body 20; Blackbeard CB 9. WP Ricky Long. La Mesa Market 22; S V Boosters 9. WP Mike McCown. Arts Lumber 14; Pat's Rentals 12. WP Scott Crowley. Nat'l Meatt Packers 13; A/C Appliance 13.

SV Boosters 19; SV Auto Body 7. WP Alan Cunniff. Blackbeard CB 12; A/C Appliance 11. WP Norman Talbot.

Art's Lumber 10; Nat'l Meats 7. WP Bruce Dixon. La Mesa Market 21; Pat's Rentals 12. WP Rick Yost.

Minors
Jackson Supply 9; Price Lomita Bowl 3. WP Tim Nagle. Grand slam homer Oscar Loya.

Wells Upholstery 10; Toms Choice Meats 0. WP Tim Nedden.

P&M TV 7; Lifestyle Builders 3. WP Steve Johnson. Jackson Supply 14; Jonason Const. 12. WP Rick Robinette.

Wells Upholstery 14; Lifestyle Builders 13. WP David Castillo.

Toms Choice Meats 5; Lomita Bowl 4. WP Gregory Noriega.

P&M TV 14; Jonason Const. 11. WP Doug Cunningham.

Fashionettes Leads in L.G. Bobby Sox Play

After two weeks of play behind them, Lemon Grove Bobby Sox League reports these standings: Major League first place team sponsored by Len's beat the Spicers 18-4. The team is managed by Mary Nichols, and coached by Norm James and Joe Jackson.

The Sizzlers is in second place. Manager is Betty Halley, with Dale Morgan and Tim Halley coaching.

Following these are the Cherubs, Wheelers, Midgets, Lionettes, Charmers and Spicers.

Minors

In the Minor League, the Pipers are in first place. Sponsored by J. D. Murphy Plumbing, the team is managed by Helen Murphy and coached by Tony Bleyenberg and Ernie Gizoni.

The Ringers are closely behind the Pipers, with the Smilers, Chargers, Emeralds, Adjustors and Nibblers following.

Meeting Called

The League will conduct a general meeting on Wednesday, May 14 at Lemon Grove Junior High School at 7:30 p.m., Willena Beyer, president said.

Other officers are Becky Infanger, vice-president; Bobbie Lukacik, secretary; Dan Smith, treasurer, Lorrie Deane, play agent; Betty White, finance chairman; Don Howard, umpire-in-chief; and Joan Aeling, safety coordinator.

TIDAL WAVE

It was in 1883 that the Krakaton Volcano in Jakarta erupted, creating one of the greatest catastrophes when 35,000 people were killed by tidal waves.

L.G. Youth Plays in Mother's Day Concert

Lee Wolfe of Lemon Grove plays violin in the Civic Youth Orchestra. He and 300 other young musicians have been rehearsing Mendelssohn's masterpiece "Elijah" for two free May concerts, the first of which is held on Mother's Day, this Sunday, at 3 p.m. at the Pt. Loma College gymnasium. The performance is repeated in the Grossmont College gym at 7:30 p.m. May 17.

Six-Hours of Riverside Is a Two-Day 'Experience'

The San Diego "Athletics", on their first road trip of the year, swept a doubleheader from the Urbana allstars Monday in Mexicali by scores of 6-3 and 8-6.

The special Cinco de Mayo event, seen over Baja California television, ran the A's record to 3-0 for the young season.

After San Diego High's Juan Saludes hurled the full seven innings to post victory in the first game, southpaw David Hernandez of La Mesa came on to pitch six perfect frames of relief to preserve a win in the nightcap.

The "Athletics" are a touring prep age team comprised of local teenage athletes from all over San Diego county.

A second car to be co-driven by two of Europe's top racing stars has been entered by the BMW factory team in the IMSA Camel GT Six Hours of Riverside Saturday.

The drivers will be 1974 SCCA-USAC formula 5000 champion Brian Redman of Burnley, England, and BMW's endurance racing veteran from Vienna, Dieter Quester. It will be the first Riverside International Raceway appearance in Quester's long career, but Redman is no stranger to the 3.25-mile road course.

The Englishman, who has won 14 world manufacturer's

championship races, was a winner at Riverside in the 1972 and 1973 formula 5000 races. He finished second to Mario Andretti last October in the formula 5000 season finale, driving conservatively to earn the points that made him the season champion.

Seeks Win

Redman and Quester join American Sam Posey and Germany's Hans Stuck, Jr., in the BMW quest to win the first major international endurance road race ever held at Riverside.

The BMW factory effort is directed by Joachim Neerpasch, a long time European endurance racer. It is said to be costing the factory a cool \$1.5 million to race on this side of the Atlantic.

When Neerpasch brought the BMW factory team to the U. S. his goal was to end the domination of the semi-factory effort of Porsche, which had won IMSA championships routinely on the skillful driving performances of Peter Gregg, a Harvard graduate from Jacksonville, Fla.

What Neerpasch soon learned, however, was that the fastest car in IMSA racing was not Gregg's Porsche but a Corvette driven by John Greenwood of Troy, Mich. Fortunately for the German factory team's success, Greenwood's

car did not prove to be reliable in the first three races of the season.

Gregg and his protegee, Hurley Haywood of Jacksonville, won the 24 Hours of Daytona in the Brumos Porsche, but the BMW factory car rolled into victory circle at the end of 12 Hours of Sebring.

Another Threat

A week ago at Road Atlanta yet another threat was uncovered, the All American Monza — a poorly disguised General Motors factory entry — which ran away from everything on wheels until it crashed with Horst Kwech of Australia at the wheel.

Entries for 35 of the 60-car starting field are already on file at the Fairfield, Conn., headquarters of the International Motor Sports Assn. which sanctions and stages the Six Hour.

Altogether, there are 87 early entries, including those for the Goodrich Radial 100 for compact sedans and the Robert Bosch Gold Cup 50-miler for Super Vees, the two companion races.

Advance tickets for the more than eight hours of racing action entitle fans to see all of the Friday practice and qualifying, including night practice for the Camel GT cars, a music concert into the late hours and free overnight parking at the Raceway.

'Crossroads Meeting' At Cajon Speedway

They'll be meeting at the crossroads at Cajon Speedway Saturday night and the end result should be a lot of crushed, bashed in sheet metal.

It's time again for the popular Destruction Derby and it will be the concluding event to the fifth super stock car racing show at the popular race track, one of the finest facilities in the Far West.

Time trials will begin for the super stocks at 6:30 with the trophy dash set to begin at 8. This will be followed by four eight-lap heats, a 10-lap consolation, 15 lap semi-main and a 30-lap main event before the tired old cars make their final appearances.

So far 17 drivers have entered cars that have served their time long ago on the freeways. The slam-bang show will be limited to 20 cars.

Meanwhile, Pat McIntyre, the Spring Valley hot-shoe who has been driving brilliantly with a convertible Camaro, will be out to protect his newly achieved points lead in the

El Cajon Stock Car Racing Assn. Going from 17th to third in last week's 30-lapper provided enough points to give him 560 for the still-young campaign. Mark Stahl, Chula Vista, is second. Jim Hitt of Lemon Grove slipped to third with 395 and Tim Biggers, the opening night feature victor from El Cajon is in fourth place.

McIntyre, who won titles in 1972 and '73, is one of four main event winners thus far.

Doubleheader Set For Ascot Saturday Night

GARDENA — At least three familiar figures may challenge Rick Goudy of Norwalk in his effort to duplicate an unprecedented feat in the year's first open cockpit doubleheader at Ascot this Saturday night.

Goudy, current point leader of the California Racing Assn. in a sprint car, will try for a double on the Ascot half-mile Saturday, when he also takes the wheel of the Continental Airlines midget powered by a new Volkswagen engine.

Last Fall, for the first time in anyone's memory, Goudy won the midget feature in Stan Lee's Continental, then powered by a SESCO Chevy. He came back in Bill Pratt's Chevy to win the sprint-car feature the same evening.

Danny McKnight of La Verne, Bob Olivero of Lakeview, and Max Sweeney of Carson also have excellent credentials for this combined presentation by the CRA sprint cars and United States Racing Club midgets.

The schedule: Fri. — AMA motorcycles (pro half-mile), 8 p.m. Sat. — CRA sprint cars & USRC midgets (doubleheader), 8 p.m.

Sun., May 11 — Street stocks & Figure 8's, 2 p.m., Figure 8's & Demolition Derby, 7 p.m.

Mon., May 12 — Motocross (SAM), 7:30 p.m. Wed., May 14 — Motocross (CMC), 7:30 p.m.

Helix Chorallers Say It With Song "Say It With A Song" is the theme of Helix High School's annual Choir Pops Concert which runs through Friday in the school gym.

Choral groups perform current songs and 40's vintage popular music in chorus, solo and duets. Concert tickets, nation, through Friday, in at \$1.50, are being sold for tonight's and Friday's 7:30 performances.

Runner-Up In Cows In November of 1974, California had 805,000 milk cows on the farms — only 3 other states have more cows. Yet, California dairymen led the nation, through Friday, in at \$1.50, are being sold for tonight's and Friday's 7:30 performances.

PLASTICS FOR PROFIT — Mt. Miguel students Greg Dixon 17, and Danny Fleming, 18, compare old style skateboard with new fiberglass model manufactured by Regional Occupation Program classes. Skateboards will be among several fiberglass products from Mt. Miguel to be shown in Industrial Education exhibits at the Southern California Exposition June 23-July 6 at Del Mar Fairgrounds.

Mt. Miguel High School Fibreglass Enterprise Featured at Fair

Fiberglass products manufactured and marketed by Regional Occupation Program classes at Mount Miguel High School in Spring Valley will be among the outstanding Industrial Education exhibits at the Southern California Exposition June 23 through July 6.

Stick car front ends, patio benches, face fenders for motorcycle riders and flex skateboards, all made of fiberglass, will be on display in the Youth Building at the fair, according to Mount Miguel High vocational education instructor Tom McGrath.

The project is one of only two full-time plastics programs in schools throughout San Diego County, McGrath said.

McGrath's classes plan and design the products, manufacture them, then sell them in a program similar to Junior Achievement. They also issue mock stock certificates, advertise their products, plan employment and do everything that industrial corporations do.

"Our classes get involved in mathematics, reading blueprints, bookkeeping, sales techniques, even the use of English grammar in writing ads and putting out publicity," McGrath said.

The high school businessmen also feel their plastic products are superior in their field. They point to the fact that their stock car front ends and their face guards are stronger and afford more protection, the benches are more attractive, and the skateboards more flexible and thus more maneuverable.

Number of Spring Valley youngsters involved in the scheduling. A full catalog of four "companies" varies from offerings is available at the 16 to 20, McGrath said. Each university.

Students at Mt. Miguel High School will participate in a pilot "Job Recruitment Day" designed to assist them in getting jobs after graduation. The program is sponsored by the Greater San Diego Industry-Educational Council, the San Diego City School District and Grossmont Union High School District.

Students will be interviewed for various types of work in the fields of agriculture, health, insurance, banking, savings and loan, trades and industry occupations.

Students are instructed, prior to the interviews, on how to dress and present themselves, and also how to prepare a resume or a reference file.

Jack Cavanaugh, director of vocational education at Grossmont District, said that prospective employers provide the schools with a description of the jobs they will be interviewing for ahead of time and the schools match up jobs with the students who meet those qualifications.

The pilot program is also being tested at Patrick Henry High School.

Baseball Season Ends at State

The 1975 baseball season comes to a close for San Diego State this weekend as the Aztecs take on Fresno State three times at Smith Field on the Aztec campus.

The Aztecs and Bulldogs meet in the first game of the PCAA series Friday at 7:30 p.m. and will conclude the season with a doubleheader Saturday at noon. San Diego State also plays a non-conference game Wednesday at 2:30 p.m. at Chapman.

Fresno State comes into the weekend's action with a 5-11 conference record and is 24-30 overall. The Aztecs are 5-9 in the PCAA and 18-24 overall (not counting a Tuesday game with USC).

S.V. Pair Face Narcotics Charge

Police charged William Brian Saunders, 22, of 444 Grand ave., and Martha Jane Wall, 23, of 9261 Birch st., both Spring Valley, with being under the influence of narcotics and possession of narcotics paraphernalia about 10 p.m. May 1.

Saunders, police say, entered the driveway at the Birch st. address with a rear license light out.

When the sheriff's deputy approached Saunders, who had gotten out of his car, Saunders threw a package into the nearby weeds.

When Saunders allegedly appeared to be under the influence of something, the officer investigated and found various syringes without needles, an eye dropper with needle, a burned spoon and a Kodak container with white powder in it. He also found two balloons with powder residue in the car.

Martha Wall came from the house where Saunders had parked and police say she, too, appeared to be under the influence of something. Inside was found 12 5mg Valium tablets and two hash pipes.

Officers said both had needle marks on their arms.

Both will be arraigned in El Cajon Municipal Court.

Filmmakers Studied In Grossmont Course

American values as reflected in the films of Frank Capra and Preston Sturges in the 1930s will be studied in a new course to be offered at Grossmont College in the fall of 1975.

The three-unit course, Film and Cultural Values (Communication Arts 164) will be offered Thursday nights from 7 to 10 o'clock in Room 257. There are no prerequisite courses.

Capra films to be screened are The Strong Man, Ladies of Leisure, Mr. Deeds Goes to Town, Mrs. Smith Goes to Washington, Meet John Doe, Lost Horizon and It's a Wonderful Life. The Sturges films which are scheduled are Easy Living, The Lady Eve, Palm Beach Story, Christmas in July, The Great McGinty and Sullivan's Travels.

USD Offers Short Summer Sessions

The University of San Diego School of Education is offering several specialized classes during the 1975 summer sessions. Classes in counselor education, bilingual/bicultural programs, educational psychology and education of exceptional children will be available.

Programs run for one week, three weeks or five weeks in June, July and August.

Summer session classes include both day and evening youngsters involved in the scheduling. A full catalog of four "companies" varies from offerings is available at the 16 to 20, McGrath said. Each university.

Free Events Fill Grossmont Slate

A week of public events have been scheduled by Grossmont College's Office of Community Services.

Friday, violinist Arturo Delmon plays the works of Pergolesi, Beethoven, Schumann, Dello-Jolo and Kreisler in a recital at 8 p.m., in the Fine Arts Recital Hall on the El Cajon campus.

The young violinist has appeared five times as soloist with symphony orchestras in Carnegie Hall and was featured soloist on television during the Casals Festival. He recently made an extensive tour of the Dominican Republic and Haiti in addition to giving concerts in Switzerland and Germany.

SAYS WINSTON "Democracy is the worst form of government except all those other forms that have been tried from time to time," said Winston Churchill.

Energy Crisis The energy crisis and its effect on the individual will be explored when Dr. Chalmers W. Sherwin and Dr. Sidney Langer speak at 2 and 7 p.m. Monday in the Ben Polak Fine Arts Center, 8053 University ave., La Mesa.

Dr. Sherwin is vice president of General Atomic Company and manager of its Special Products Group. Joining General Atomic in 1968, he served as a consultant to the director.

Extended Benefits Ready for Jobless

For the first time since jobless benefits were introduced in 1938, California's unemployment insurance offices are taking applications to continue benefit payments to workers who have been unemployed for more than a year.

Announcing the change, the state's employment director, Jim Lorenz, said a new bill signed by President Ford extends the previous possible maximum of 52 weekly payments to 65 weeks.

"It's the third extension in two years, the second since January, Lorenz said.

California's regular program funded by employers pays benefits up to 26 weeks. Three 13-week extensions brings the current maximum to 65 weeks.

However, the latest extension is limited to the 13-week period from March 30 to June 30, 1975. Only those who were eligible to start collecting benefits on March 30 will get the full 13 weeks of payments.

Others will receive payments until the June 30 cutoff date unless that deadline is subsequently revised.

Back Payments
Lorenz urged anyone entitled to back payments as far back as March 30 to file a claim as soon as possible.

It is impossible to estimate accurately how many claimants would benefit from the new extension beyond the 52-week maximum, but an approximate estimate is 3,000 weekly.

The regular insurance pro-

gram in California is paid for by employers who contribute to a trust fund for this purpose. The first 13-week extension is funded 50 percent from the trust fund and 50 percent from a federal fund (also paid for by employers). The other emergency and special compensation payments are 100 percent federally funded by the U.S. Treasury.

Under the regular program, payments range from a minimum of \$25 weekly to a maximum of \$90. The periods range from 12 to 26 weeks. The latest extension — like the other extensions — will be for half the original period (i.e. six to 13 weeks).

SC1stNat-BoTCal To Explore Merger

Southern California First National Corp. said that it is holding preliminary conversations with the Bank of Tokyo of California to explore the feasibility of creating a new statewide banking system.

The present conversations contemplate that all of the shareholders of SCFNC would receive cash for their shares in excess of the current market value. Should an agreement be reached it would be submitted to the Board of Directors of SCFNC, and if approved, to the shareholders of the Corporation for their consideration. Any agreement would be contingent upon the approval of the government agencies concerned.

The two institutions appear to be compatible and complementary, it was noted. SC1st-Nat. is a retail bank with 72 branches operating in Southern California. BoTCal is a wholesale bank with 22 branches operating primarily in the San Francisco Bay area and Los Angeles. The two banks have approximately the same resources. The expertise of the staffs of the two organizations appear to have the possibility of complementing each other.

SC1stNat. Corp. has about 5,500 shareholders and BoTCal has about 3,000 shareholders. The stock of both is traded on the over-the-counter market.

Imperial Pays Dividends

Imperial Corp. of America declared a cash dividend of 10 cents per common share payable July 8 to stockholders of record as of the close of business June 10.

Southern California First National Bank, San Diego, has been appointed dividend disbursing agent, and First National City Bank of New York as New York paying agent.

About Your Health

This feature is a publication of the California Medical Education and Research Foundation, prepared and edited by physician members of the California Medical Association, headquartered at 731 Market St., San Francisco, 94103.

CO Poisoning

Carbon monoxide — known chemically by the symbol CO — is a poisonous gas which kills approximately 1,500 people in the U.S. each year. Many of these deaths could be prevented if people were alert to the hazards of CO, a deadly gas which gives no warning — it is not visible and has no odor or taste.

Carbon monoxide gas reacts chemically with the hemoglobin of the red blood cells, replacing oxygen. The degree of poisoning is measured in terms of percent blood saturation, 70 to 80 percent being lethal. Those with less exposure to CO may experience headache, dizziness, nausea, vomiting and physical weakness. Increased exposure brings shortness of breath, unconsciousness and death.

The symptoms come on so gradually and insidiously that they may not be noticed until

NEW LOOK — Deputy Manuel Perez of the sheriff's substation receives the first of the new patrol cars. Now being assigned throughout the county, the new cars have a red, white, and blue light bar containing loudspeaker, sirens, and rear flashing amber light. Sheriff John Duffy said it will take about three years to phase the old bubble gum" accessories currently atop his patrol cars.

Taxpayers Want 2/3 Vote, Nix Strikes

Representatives of Taxpayers' associations meeting in Sacramento for a Cal-Tax seminar on state and local problems were in general agreement that all taxes should be subject to change by a two-thirds vote and that legislation to require public employees to become members of unions should be defeated.

Of 25 responses to an informal survey, 24 asked for the two-thirds legislative vote on tax issues and 23 opposed public employees' right to strike.

CHP Continues Crusade Against Highway Noise

The California Highway Patrol will measure 1.2 million trucks, cars and motorcycles this year to see if they are giving off more sound than the law allows, Commissioner Dan Lanza said.

Last year, CHP's two-man measurement teams found 25,098 cars, trucks and motorcycles putting out more decibels than the limit specified for their respective classes according to the California Vehicle Code.

A greater percentage of motorcycles were in violation of the code than of cars or trucks. 16% exceeded the noise limit. Only two percent of the cars and light trucks were in violation and heavy truck noisemakers were the most scarce with one percent of the total tested.

Modified exhaust systems were the causes of most of the cars tested. Inadequate or worn exhaust parts were usually the blame for truck noise excess.

Letters to the Editor

Dear Editor:..... regarding his life and property only after he has examined all the facts.

Ron Alderson
S.D. Chapter Director
California Division of Forestry Employees Assn.

Dear Editor:
In 1970, the California Legislature reflected its concern regarding the correlation between young marriages and the rising divorce rates. The personal suffering and social problems that divorce among the young create have been well documented in hearings conducted by the California Legislature on California Divorce Laws.

The result of these hearings was a change in the law. The law is intended to allow a couple, where one or both are under age 18, the opportunity to examine their decision to marry. This is done by the couples' participation in premarital counseling concerning "social, economic and personal responsibilities incident to marriage."

The obvious intent of the law is to hopefully turn the tide of divorce among young marriages. If we can reduce some of the pain in early marriage and ease the strains that lead to early divorce and breakup of the family, then premarital counseling is a most worthwhile endeavor.

Although the legislation was enacted in 1970, this information apparently has not been reaching the community. The majority of young marriage applicants are completely unaware of the law. This leads to many problems and pressures for the couple and their families.

As a public service, we ask help in disseminating information about this law through your particular media. The information covers the following, according to the law:

1) In California, those couples intending to marry, where one or both are under age 18, will first need Court permission.

2) The Court is requiring these couples to participate in premarital counseling before requesting the Court's permission to marry.

3) For specific information, contact the San Diego County Probation Department Premarital Counseling Program at 565-3401 or 565-3257.

Sincerely yours,
Thomas C. Clappitt
Coordinator for Premarital Counseling

Sales Boom at Rancho San Diego

Dass Construction Co., has sold 75% of the first phase of their Cameo Homes in Rancho San Diego, according to Aaron Kolkey, President of Dass. Thirty of the thirty-eight homes in Phase 1 have been sold since their grand opening March 9, said Kolkey. The homes are in Sweetwater Village/West near Monte Vista High School, Rancho San Diego's first residential development.

These are 3 and 4 bedroom, 2 bath single family homes offering fireplaces, carpeting and draperies, all electric kitchens, and seeded lawns and fencing. Prices range from \$43,000 to \$47,000.

The world's oldest drug store is said to be in Florence, Italy. It was opened in 1612 by monks.

Trepte Bid on Helix Project Upheld After Court Decision

Trepte Construction Co., will be required to make water basins at Helix Water District's R. M. Levy Treatment Plant after all.

Northern water is higher in pollutants than Colorado River supplies now being distributed by the district. A blend of the two will be delivered to Helix starting in early 1977.

The work is being financed by \$4 million in revenue bonds sold by the district April 9. Voters authorized the sale of \$11 million in bonds last November.

Walker Process Co. had been listed as supplier of mechanical equipment on the \$2.6 million bid submitted by Trepte, March 12. Trepte's bid, nearly \$500,000 above the engineer's estimate, was the lowest of five bids submitted.

To bring the contract closer to estimated costs, Trepte was authorized by Helix to seek other suppliers of the equipment before the scheduled award date, then set as April 9.

Trepte, after securing Westmont Industries as a supplier, entered a revised bid \$340,000 lower than its first submission. It was this revision which the suit contested.

Under the contract, two sedimentation basins will be added to the Levy treatment plant near Lake Jennings. The basins are needed to provide the additional treatment which

Six Guns Lost In Burglary

Guns, tepees and stereo was the loot from the home equipment valued at \$1,500 was the loot from the home of Timothy Davis Mathewson, 9565 Lamar St., Spring Valley on April 28.

He told sheriff's deputies that while he was away from home an intruder took six guns including a Mauser, bolt-action rifle; a Winchester .22 rifle; a Remington 870 Wingmaster 12-gauge shotgun; a .410 single shot shotgun; a Mossberg hammerless .22 and an "RG 10" 6-shot revolver.

Also taken were an "All-Pro" rifle scope; 12" and 19" tepees; 2 hi-fi speakers; a Sony cassette and a stereo receiver.

A pry-bar was used to get in. The loss totaled out at \$1,500.

E. County Represented At S. Cal. Exposition

East County entertainers will contribute special events on stages at the Southern California Exposition in Del Mar this year.

Among other areas, Spring Valley will be represented by the Light of Love gospel singing group. A July 4 performance on the Community Stage is scheduled.

On June 24, the Ann Russell Dancers of Jamul take the Don Diego stage at the fairgrounds. El Cajon's Sweet Adelines will harmonize on the Community Stage July 2.

A variety of dancers and singers from the East County communities of La Mesa, Santee and Lakeside have also been slated on the Expo calendar.

Bank America Gains

Bank America Corp. recorded strong gains in earnings, deposits and resources in the first quarter of 1975, Pres. A. W. Clausen announced.

Consolidated income before securities transactions increased 18.8 percent to \$65,797,000 or \$9.95 per share for the three months ended March 31.

Rabid Bat Found; Pet Warning Given

The first reported case of rabies in the County since 1973 has been confirmed by Dr. Dean Thackrey, chief of animal health, County Veterinarian's Office.

The rabies carrier was a bat found on Moonstone dr. in the Mission Village-Serra Mesa area of San Diego.

The bat had contact with an owned dog which has been placed under quarantine.

Fortunately the dog had a current rabies vaccination so it needs only to be re-vaccinated and isolated for 30 days for observation.

If it had not been vaccinated it would have had to be isolated for 6 months or destroyed, according to Dr. Thackrey.

Pet Vaccinations

Dr. Thackrey reminds pet owners that all dogs over 4 months must be vaccinated against rabies.

Revaccinations are required every 2 years.

Vaccinations are available from any veterinarian or at rabies vaccination clinics at County Animal Shelters and other locations. The clinic most convenient to the affected area is at 1104 Azusa st. every Tuesday from 2-4 p.m. The fee is \$2.

It is recommended that cats also be vaccinated. Information on clinics for cats can be obtained from the San Diego County Veterinary Medical Association at 466-3400.

Dr. Thackrey says anyone finding a bat should be extremely careful so as not to be bitten. County Animal Regulation personnel can provide assistance in obtaining rabies examinations on suspected bats. For further information contact the County Veterinarian's Office at 565-5394.

Jobless at 25 Yr. High

California's unemployment rate rose to ten per cent in April, up from 9.3 per cent in March to set a record high for the 25 years since the current data series began in 1950.

In comparison, the federal unemployment rate increased from 8.7 to 8.9.

If You Believe You've Been Cheated...

A series of consumer protection advisories have been prepared by the California Trial Lawyers Association to warn consumers of some of the hazards of signing a contract. The following article is one of several that will be published in this column for several weeks.

Consumers are urged to write CTLA for their Consumer Protection Pamphlet which tells "How Not to Be Cheated and Who to Contact If You Are."

The address is at the end of this week's Column.

Condominium Assessments
All buyers of condominiums automatically become members of the homeowners association. Each owner must pay the association monthly dues to maintain and operate the common areas and facilities and must abide by their rules.

You cannot avoid these responsibilities. In determining whether you can afford a condo, do not overlook this additional cost, which can range from \$20 to \$60 per month or more. Expect the initial monthly payments to increase as the project gets older.

If you do not pay these dues, your neighbors have the right to foreclose upon and sell your home to pay for delinquent dues. On the other hand, if these delinquencies get too high, prompt payers may have to pay their neighbor's delinquencies simply to keep the common areas maintained.

Do not forget, the value of your condo is directly related to the level of common area operation, maintenance and ish.

To obtain a copy of the CTLA Consumer Protection pamphlet, designed to acquaint you with your rights in the law, send a stamped, self-addressed envelope to CTLA, 1020 12th St., Sacramento. Please specify whether you want it in English or Spanish.

Ingenuity and a Little Push
Gets Little League Road Fixed

300 athletes of the Spring for the road improvement Valley Little League team and which Ketell had in mind. 2,000 parents find it easier to get to the three-diamond complex near La Presa Jr. High school at Jamacha rd.

The roadway, 1200 feet long, and a driver (value \$500) to was near impassible, according to Herb Ketell, president of the Spring Valley Parks and Recreation Advisory Council. Ketell got himself appointed chairman of the Road Improvement Committee of the Spring Valley Road Improvement Association (Ketell is big on jobs with long titles).

The first obstacle was that the road was designated but not dedicated to the County. Therefore, County funds could not be used for the road work. But the County was convinced it had an obligation to provide a lead-in apron from Jamacha to the access road. The County built it to the private property line.

Next he got Little Leaguers to get written approval from the adjacent property owners

Local Crimes
Keep Sheriff
Busy in Area

The sheriff's department was kept busy again last week with local crimes ranging from malicious mischief to armed robbery. The following is but a sampling.

Valuable Vases Gone
Valuable vases, silver and china were taken from the home of Joseph Zak, Jr. Friday, he reported to sheriff's deputies.

Cloisonne and Satsuma vases, silver bowls and tea pots and various porcelain objects were in the loot. The items were valued at \$718.

Minister's Home Looted
Dale Warren Bailey, a Lemon Grove minister who lives at 8215 Adams st., suffered a burglary loss Friday of \$3,035.

He listed among the items taken: amplifier, reel-to-reel recorder, two cassette recorders, turntable, two cameras, sewing machine, digital clock, slide projector, short wave radio, a .38 cal handgun, 100 pounds of beef and other items.

\$110 Stereo Taken
On Saturday, Glenn Carlos Macy of 9022 Lamar st., Spring Valley, told police that someone had slipped the latch on the door to his residence and took a stereo player worth \$110.

Color TV Stolen
Someone slipped into the house on Sunday, occupied by Louise Evangelina Trelstad at 2226 Morose st., Lemon Grove, and took a 19 inch color television. The value was not estimated.

\$70 Bike Missing
Lemon Grove Fire Captain Robert Adams of 7931 Barton dr., Lemon Grove, reported that a bicycle worth \$70 was taken from his home on Saturday while he was away.

Windows Shot
A mischief-maker shot holes in three windows of Theresa A. Ward's residence at 9709 St. George st., Spring Valley. The incident occurred about 11:30 Saturday. Damage is estimated at \$100.

Loot Tops \$2,000
Jewelry and coins were taken from the mobilehome of Evertly Parker, manager of the trailer park at 10707 Jamacha blvd., Spring Valley on April 29.

While the occupant was away, a thief entered the mobilehome and looted the place of articles valued at \$2,068.

Included was \$500 in currency, a box of valuable old coins, miscellaneous jewelry, a diamond and ruby rings worth \$960 and a diamond and jade ring worth \$500.

Meat Part of Loot
While Dorothy Pauline Logue was away from her home at 1320 Walbollen st., Spring Valley on April 29, a burglar got in through the garage and took tools, money, jewelry and appliances.

A 10-inch portable tv set, 15 pounds of ground beef and a rib roast were taken. So were several electric power tools, \$40 in cash and an assortment of jewelry.

Liquor Store Robbed
A white male, about 23, 5'8", 140 pounds, walked into the Spring Valley Liquor store at 9510 Jamacha blvd., in Spring Valley Sunday night about 11 o'clock and said: "You know what? Give me all your money."

Michael Lee House, 34, the clerk, did as ordered because the robber had a gun pointed at him.

Census Can Help Prove You Were Born

Was your birth registered? Unless you have documentation you'll get nowhere protesting as Will Rogers once did: "I can't prove I was born, but you can't deny I'm here."

A total of 320,899 persons in the United States who found themselves in that predicament in 1974 turned to the U. S. Bureau of the Census for help.

The Bureau reports a variety of reasons for lacking a certificate. Persons unable to obtain one may have been born before 1920, before birth registration became mandatory in every state. Or their birth record may have been accidentally destroyed by flood or fire, or simply never recorded.

Or they may have been unable to obtain a delayed birth certificate because they couldn't lay their hands on acceptable evidence of their birth such as a baptismal certificate, a family Bible in which their birth was chronicled, or an affidavit from the attending doctor or midwife.

Age Search
Realizing how valuable its files might be to anybody called upon to prove his existence, the Bureau established a Personal Census Service Branch, more commonly

Loss Includes Clock

When Ray Cones, retired, returned to his residence at 8522 Blossom lane on April 25, after a vacation in Mexico, he learned he had been burglarized.

His loss was estimated to be \$600. His loss included liquor, a \$25 RCA color teevee, an antique mantel clock and a stereo tape player.

Entry was made through the kitchen window, sheriff's deputies said.

Don't Eat the Mussels

The State Health Department has issued its annual warning against eating mussels and certain parts of clams between May 1 and October 31.

Warning Pacific Ocean water fosters growth of poisonous microscopic organisms called dinoflagellates. Mussels and clams feed on the creatures, producing a toxin that can be fatal to humans.

Oysters also could be dangerous during the quarantine period but are controlled by commercial harvesters.

Our Men In The Armed Forces

Airman Steve Austin

A La Mesa man has graduated at Lowry AFB, Colo., from the technical training course for U.S. Air Force munitions maintenance specialists.

Airman Steven D. Austin, son of Mrs. Ann Austin of 8750 Mellmanor dr., La Mesa, was trained to inspect, assemble and dispose of explosive munitions. Completion of the course enables him to receive academic credits through the Community College of the Air Force. The airman now goes to Davis-Monthan AFB, Ariz., for duty with a unit of the Tactical Air Command.

Airman Austin is a 1974 graduate of Mission Bay High School, San Diego.

Pvt. David Langston

Army Private David M. Langston, son of Mr. and Mrs. Harry C. Griffen, 411 Sacramento ave., Spring Valley, was awarded the Expert Infantryman Badge while assigned as an armorer with the 25th Infantry Division at Schofield Barracks, Hawaii.

The badge is the Army's highest non-combat proficiency award for infantrymen.

Pvt. Langston qualified for the award through proficiency in combat tactics, weapons firing and physical fitness tests. He also passed a series of written examinations.

Lt. Stephen Churchill

U. S. Air Force Second Lieutenant Stephen A. Churchill, son of Mrs. Kathleen R. Churchill of 3540 Foursome dr., La Mesa, has graduated from the Strategic Air Command's combat crew training course at Castle AFB, Calif.

The lieutenant, a navigator, Spring Valley received the is being assigned to Loring AFB, Maine for duty with the 42nd Air Refueling Squadron. Lieutenant Churchill, a 1968 graduate of Katella High School, Anaheim, received a Union, in Fayetteville, Ark., B.A. degree in psychology in April 29.

known as the Age Search Branch, which will send anyone who applies for it a transcript of his own census record from the census year that will best serve his needs.

For example, a man born in 1905 who wants certification of his age would probably be sent a copy of his census record from the decennial census of 1910. The record would not contain his birth date, but it would show him as having been five years old in 1910, which is just as good.

He can then present this record as supporting evidence when applying to the state in which he was born for a delayed birth certificate. Or he can use it in lieu of a birth certificate. Census records are now accepted as a substitute by all Federal and State agencies and by virtually all of private industry, the Bureau claims.

1,300 a Day
Since 1920, when the Age Search Branch was established, nearly 10 million persons have taken advantage of the service. Currently, 350,000 requests are received annually. That's about 1,300 a day.

All information in census records is confidential by Federal law. The Census Bureau and every one of its employees is prohibited from disclosing any information contained in the records except

Air Conditioners Cost Gas Mileage

The Unified San Diego County Office of Emergency Services reminds citizens that using the auto air conditioners reduces fuel economy up to 2 1/2 miles per gallon. That means 10 cents more for short trips made with the air conditioner running.

For further savings, a manifold vacuum gauge tells you when your driving style forces too much fuel and air into your car's engine. The \$16 gauge can save you \$70 a year in gasoline.

OES says that commuting to work on public transportation could save \$11 a month on a 20-mile round trip if the car averages 12 miles to the gallon.

Counting parking fees and wear and tear on the car, minus bus fare, the savings can reach \$23 monthly.

to the person himself, or for a proper purpose, to a legal representative.

\$7.50 Fee

A fee of \$7.50 is charged for a search for two censuses and a transcript of the information found. Additional copies of the transcript cost \$1 each. Service generally requires two to four weeks. A fee is charged because the Age Search Branch is fully self-supporting. It does not receive any tax monies.

Tax Rebates Due After Friday

The first of 78 million tax rebate checks will be mailed on Friday, William H. Connett, IRS District Director for Southern Calif., said this week. The bulk of the mailings should be completed by the end of June.

Earliest Are First

Connett said taxpayers who filed returns the earliest will receive rebate checks first. The payments stem from enactment of the Tax Reduction Act of 1975 which provides for a rebate on 1974 taxes of between \$100 and \$200 for most taxpayers, Connett said. The IRS will automatically compute all rebates.

Any rebate adjustment made by the taxpayer on a return will only serve to delay processing and issuance of the rebate, Connett said. Such adjustments could also delay any refund due.

Approximately 67 million taxpayers, Connett said, will receive checks reflecting the rebate only. These include taxpayers who have already re-

ceived their refunds for 1974 or whose refunds are already in process at IRS.

The other 11 million taxpayers will receive checks combining their refund with the rebate. These checks will show how much is refund and how much is rebate, Connett said.

Up to \$200

Under the new legislation the maximum rebate is 10 per cent of the tax liability up to a maximum rebate of \$200, reduced by one per cent of adjusted gross income in excess of \$20,000, up to \$30,000.

Taxpayers with adjusted gross incomes in excess of \$30,000 will receive a rebate of \$100, Connett said. Those who had a tax liability of less than \$100 will receive a rebate equal to the tax liability.

He pointed out that married persons filing separate returns will not get a larger rebate than those filing jointly since, under the law, the maximum rebate for a married person filing separately is \$100.

Transportation Future Pondered at College Grove

Is the transit vehicle of the future likely to be a steam taxi or a personalized monorail system?

Participants in a conference on "Revolution in Transportation: How Soon?" will get a chance to learn more of those projects and others, Friday and Saturday according to City Councilman Leon Williams, the conference instructor.

The conference, to be held in the College Grove Community Center, Highway 94 and College ave., is part of San Diego State University's Institute of Public and Urban Affairs Urban Policy Series 1975.

Williams, chairman of the Council's Committee on Transportation and Land Use, said representatives of Atlantic Richfield Oil Corp., Steam Power Systems, Rohr Corporation, and the Senate Office of Research will talk about the state of the art of mass transit and share views and presentations on transportation systems of the future in the credit course.

Senate President pro Tempore James R. Mills will keynote the conference Friday afternoon at 4 p.m.

Other speakers at the conference will cover airport relocation, bicycles, pedestrians and local and state planning.

Williams said, "Special emphasis will be directed toward the prospect of decreasing use of the automobile and the possible effect on land use patterns."

The conference may be taken for one unit of credit through San Diego State University. Participants can register at the College Grove Community Center at the opening of the conference, 3 p.m., Friday.

Foot Health Week Is May 9 to 15

Foot specialists across the country are observing May 9-15 as Foot Health Week, and the message to the public is: "Start Walking". Dr. Larry Koepel, president of the San Diego Podiatry Assn. said.

Dr. Kroepel says that too many lead sedentary lives and that the forgotten custom of a leisurely stroll after dinner—or walking instead of driving to the corner market—can work wonders in easing daily tensions.

"When most Americans decide they need exercise, they tend to go overboard," he said. "If a person is out of shape, jogging or a few sets of tennis, for example, can result in severe muscular aches and pains. Walking, however, can revitalize and invigorate these same underworked muscles—G.I. Bill are included in the deal.

SSgt. Bill Bradford, at 5480 El Cajon blvd., is the local representative of Project Ahead.

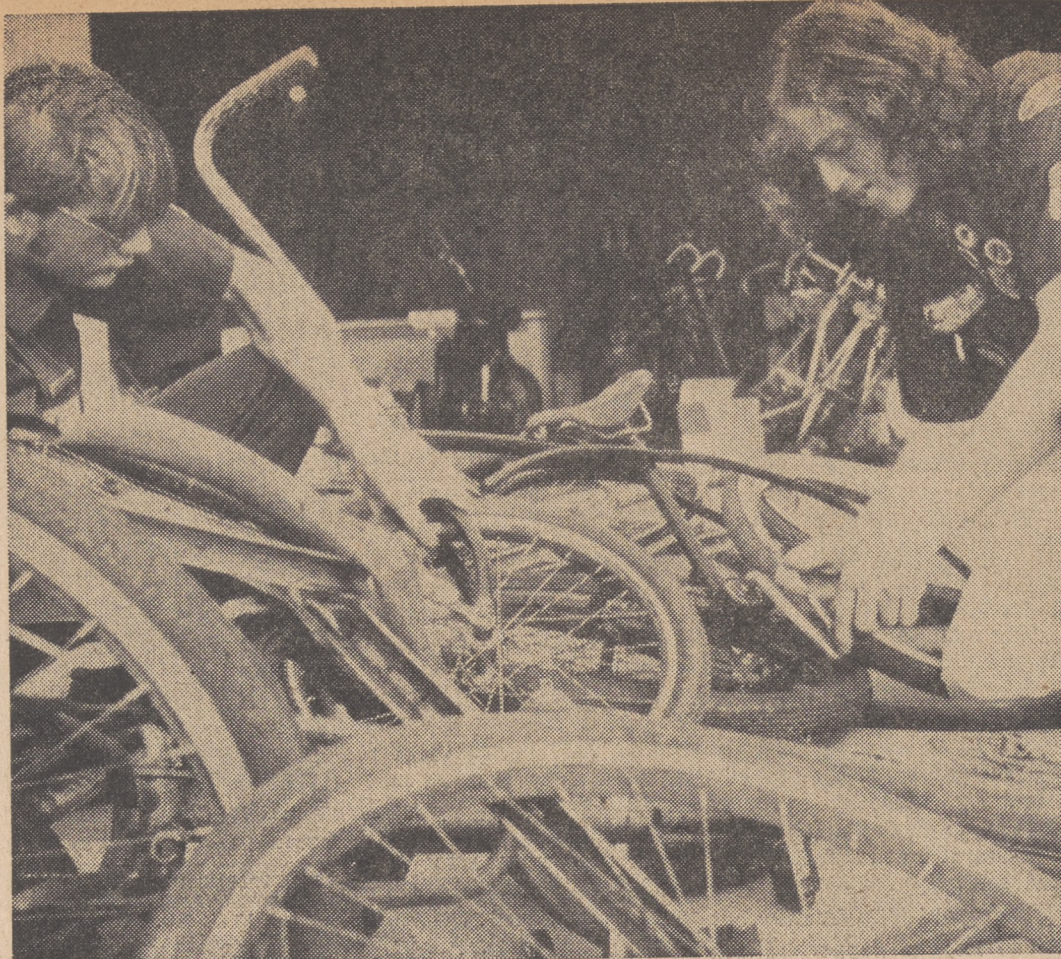

The applicant must meet the admission requirements for both the Army and the school. Pay, training, travel and the same underworked muscles—G.I. Bill are included in the deal.

SSgt. Bill Bradford, at 5480 El Cajon blvd., is the local representative of Project Ahead.

Get your feet in shape with a checkup—and start walking," he added.

BIKE SHOP — Kevin Torgeson and Sam Schell put finishing touches on one of eight bikes which were donated to a Mission Beach school for mentally retarded youngsters. The scouts rebuilt the cycles to earn Eagle Scout rank in Troop 373.

Scouts Rebuild Bikes for MR's

Two Spring Valley boy scouts are earning their way them up. The scouts are in to Eagle Scout rank with a Troop 373 which is led by good deed. Kevin Torgeson, Scoutmaster Craig Wagner 407 Sacramento, and Sam Schell, 429 Paraiso, donated

eight rebuilt bicycles to Mission Beach Fairhaven school for mentally retarded. Presentation ceremonies were held Friday in Mission Beach.

The scouts got the bikes and bike parts from neighborhood donations and they spent

Tire Jabbers Busy

Someone with malicious mischief in mind jabbed a hole in the tire of a Plymouth belonging to Elwyn Eugene Ailshi, of 1758 Colfax ave., Lemon Grove. It happened during the dark hours of April 28. The loss was \$50.

Seanwhile, in Spring Valley, on the same night, two tires were cut on the car owned by Victor Ray English. The loss was \$100. That incident occurred at 2555 Central ave.

Young Artists Expose Works at Gallery
"Young Art in Action...75" is the theme of a major exhibition beginning Saturday at the Fine Arts Gallery of San Diego, in Balboa Park.

The all media exhibition is comprised of 175 works, including group projects, representing nearly 200 students from all grades of the elementary and secondary San Diego City schools.

A reception for the young artists is held Friday, 4-6 p.m. at the Gallery. The public is welcome.

For a nest-egg that keeps right on growing, it's hard to match a safe, high return savings program at dependable La Jolla Federal.

Take our new 7 1/4% certificate account, for example. A deposit of \$1,000, with interest compounded daily for six years, yields 8.06%. You get back over \$1562.00. Leave your money for nine years and it doubles. You get back \$2,000.00. That's quite a nest-egg. And nine years will pass quickly—even faster than the last nine years.

La Jolla Federal has many savings plans—all offering guaranteed high earnings and insured safety. We'd like to help you select the plan that's right for you.

We've been helping people save for sunny days since 1928.

la jolla federal Head office: 1100 Wall Street, La Jolla.

Martial Arts Show

Booked for Concourse

A three-hour exhibition by world-wide martial arts experts will be presented Saturday in Golden Hall in the S.D. Community Concourse.

Bong Soo Han, from the movie, "Billy Jack" will demonstrate Hapkido.

Yong Tae Lee will demonstrate Zen; Chan Yong Kim-judo; Kim Kahana, Polynesian fire dance; Minubu Miki and Iaido, samurai sword; Ching Lee, foot fighting; Byung Yu and Eric Lee, King-fu.

Highlight will be an auto passing over the body of a man in a demonstration of psychic concentration.

Demonstrations start at 7:30 p.m.

More Letters

To the Editor and To organizations concerned with Spring Valley:

At the March general meeting of the Spring Valley Community Welfare, Inc. the very urgent and increasing need for health facilities located in the community of Spring Valley was discussed at length.

This need was presented to us by the school nurses. The general membership voted unanimously to write letters to appropriate persons and agencies requesting the establishment of a free health clinic. Included in the motion was that each organization of the S.V.W.C. be asked to write similar letters as it is believed that a concerted effort on the part of many organizations could make a real impact.

Although your organization may not be a member of the Spring Valley Community Welfare, it is felt you might like to add your support for these needed health facilities.

If your organization should decide to write a letter on behalf of health facilities in Spring Valley, we would very much appreciate receiving a copy.

Very truly yours,
Barbara M. Myers
President, Spring Valley Community Welfare
P.O. Box 24
Spring Valley, CA 92077
